- When communicating with others, be polite and responsible. Be the same friend online as you are in person and think about the effect your post will have on other people.

- Do tell an adult if you see any of your friends being bullied.

Passwords and Email

- Never share or tell anyone your passwords, not even to your friends. Try to use passwords that are hard for others to guess. They should be at least eight characters long using a mix of letters, numbers or symbols.
